2. For the cost of each individual shoot, GCO provides the shooter with one 12 ga., low brass, heavy target load, 7 1/2 shot shell. (No outside shot gun shells are allowed).
3. Shooters are assigned (1) of (20) target stations to shoot from. All targets are placed at a distance of 40-yards from each of the 20 shooting stations.
4. For The Standard 20-station Turkey Shoot, a 8.5 inch by 11 inch paper target with a fine line X draw diagonal from corner end to end is placed on each of the 40-yard target stands.
